COMPENSATION OF EMPLOYEES BY SECTOR 2014

Services sector was the largest contributor to the Malaysia's Compensation of Employees, generated 60.8 per cent in 2014 (Chart 2). Share of Manufacturing sector to total Compensation of Employees expanded to 23.0 per cent as compared to 22.7 per cent in the previous year. Following the labour intensive characteristic in Construction, this sector was the third largest contributor accounted for 9.4 per cent, while Agriculture and Mining & Quarrying hold 4.9 per cent and 1.8 per cent of share respectively.

Compensation of Employees grew at a strong rate of 9.7 per cent largely impelled by Services and Manufacturing sectors. Compensation of Employees for Services sector increased to 8.7 per cent (2013: 7.3%) driven by the double-digit growth in Wholesale & Retail Trade, Food & Beverage and Accommodation at 13.9 per cent. Manufacturing sector recorded a significant increase of 11.1 per cent (2013: 6.8%) propelled by Electrical, Electronic & Optical products which surged to 15.3 per cent.

Construction sector remained its stronghold in 2014 by registering a solid growth of 14.9 per cent as compared to 14.2 per cent in 2013. The sturdy momentum of Compensation of Employees in this sector was backed by residential and non-residential buildings activities. Mining & Quarrying rose to 8.7 per cent as compared to 6.6 per cent in the previous year. Moreover, Agriculture rebounded to 6.1 per cent from negative growth of 3.3 per cent in 2013.
