REALINE REPORT IN CONTRACT OF CONTRACT OF

Sustainable Development Goals (SDGs)

What are SDGs?

The **Sustainable Development Goals (SDGs)** are a universal call to action to end poverty, protect the planet and improve the lives and prospects of everyone, everywhere. The 17 Goals were adopted by all UN Member States in 2015, as part of the **2030 Agenda for Sustainable Development** which set out a 15-year plan to achieve the Goals (2016-2030). The SDG comprises of 17 Goals, 169 Targets and 247 Indicators which balance the three dimensions of sustainable development; economic, social and environment.

Cluster 3: Human Capital

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Stats Malavsia

Goal 4 consists of 7 outcome targets and 3 means of implementation targets.

Achieving inclusive and quality education for all reaffirms the belief that education is one of the most powerful and proven vehicles for sustainable development. This goal ensures that all girls and boys complete free primary and secondary schooling by 2030. It also aims to provide equal access to affordable vocational training, to eliminate gender and wealth disparities, and achieve universal access to a quality higher education. Highlights of SDG Targets for Malaysia (GOAL 4 – Quality Education)
